

Mid-Term meeting Agenda

- 8:50-9:00 Arrival
- 9:00-9:30 **Welcome** by the Coordinator Andras Dinnyes
Administrative and financial issues: next periodic report
- Progress of the work - Tour the Table (PI's presentations)**
- 9:30-9:45 **Progress of the work: BIOT** - Andras Dinnyes
- 9:45-10:00 **Progress of the work: USH** - Tom Fleming
- 10:00-10:15 **Progress of the work: UCAM** - Anne Ferguson-Smith
- 10:15-10:30 **Progress of the work: UCAM** - Matthew Trotter
- 10:30-10:50 **Coffee break**
- 11:00-11:15 **Progress of the work: MLU** - Bernd Fisher
- 11:15-11:30 **Progress of the work: UNIMAN** - Daniel Brison Almut Nebel
- 11:30-11:45 **Progress of the work: CAU** - Almut Nebel
- 11:45-12:00 **Progress of the work: AVANTEA** – Giovanna Lazzari
- 12:00-12:30 Questions and Answers
- 12:30-13:30 **Lunch**
- Scientific discussion WP by WP: future plans, decision making**
- 13:30-14:15 **WP1 Effects of maternal diabetes and/or obesity on early embryo metabolism:**
moderated by Bernd Fisher
- 14:15-15:00 **WP2 Human ART and mouse models: detecting the origin and propagation of
periconception disease pathways:** moderated by Tom Fleming
- 15:00-15:45 **WP3 Periconceptional epigenetic programming mechanisms in knock-out mouse
and stem cell models:** moderated by Anne Ferguson-Smith
- 15:45-16:00 **Coffee break**
- 16:00-16:30 **WP4 Analyses of epigenetically regulated genes of LLI compared with human
perinatal profiles:** moderated by Almut Nebel
- 16:30-17:00 **WP5 Data mining, bioinformatics pathway analyses and modelling of pathways and
intervention methods:** moderated by Matthew Trotter
- 17:00-18:00 **Conclusion of the meeting:** Further decisions within the project
- 18:30 **Working dinner for the whole EpiHealth and EpiHealthNet consortium**
